

**We are a new social group for gay Asian men between the ages of approximately 18 – 45 years old.**

**The primary reason for the group is to offer a comfortable environment where Asian men can socialise and be proud of their ethnic heritage.**

**This is a fantastic opportunity to make new friends at events such as dinners, games nights, outdoor activities, clubbing and others that will be held regularly. We welcome all gay, bisexual men and their friends.**

**If you are interested, you can email us to find out more. gen-A's email address is [generation.asian@gmail.com](mailto:generation.asian@gmail.com).**
